LEGALLY CHECKED

PROHIBITION WRIT SECURED
BY JAILER EVITTS AGAINST
ALDERMEN.

THIS FORSTALLS
THE INVESTIGATION.

Restraining Order Issued by Judge
Reed, Who Will Hear Argu-
ment Within Ten Days.

ALDERMEN TO AWAIT
COURT'S PLEASURE.

As expected, the charges against City Jailer Thomas Evitts have at last landed in the circuit court. Now Judge Reed will have to take a hand in the matter and decide whether the board of aldermen have the right to try the proceedings instituted against the jailer or whether they shall be permanently restrained from taking any part in the matter. The lawyers for the official yesterday carried the matter into the court by filing an application for a writ of prohibition to restrain the aldermen from hearing the charges that look towards removal of the jailer from office. Judge Reed granted the temporary restraining orders and stated that sometime within the next ten days he would take up the matter and hearing evidence and arguments from both sides decide whether the aldermen can proceed with the investigation.

Monday evening when the case was first entered into by the aldermen, Attorneys John K. Hendrick and J. Wheeler Campbell were present representing Jailer Evitts, and entered a protest to the aldermen trying the case on the ground that this legislative body could not hear anything against the jailer looking toward his removal from office unless he was charged with official misconduct, such as malfeasance, nonfeasance or misfeasance of office. Misfeasance means running an office with misconduct, nonfeasance means not attending to the duties at all, and malfeasance means to conduct office in a manner evidencing maliciousness. The lawyers for the jailer set up the claim that none of these offenses were alleged in the charges filed against the jailer, but that Jailer Evitts was accused of carrying on with women, striking Patrolman Beades, drawing his gun on Sam Howell and aiding and abetting Sam Evitts to assault Officer Beades with a club. The lawyers for the defense claim that the police and circuit courts are the places to try such charges as these latter mentioned, and that the aldermen have no right to proceed with the investigation unless malfeasance or official misconduct is claimed. It is on this belief that the attorneys for the accused base their petition for a writ of prohibition before Judge Reed.

On filing their application for the writ Judge Reed issued a temporary order that is to hold good until some time within the next ten days, when he will take up the matter and give it a full hearing and then render his final decision.

On the temporary writ being issued it was turned over to Sheriff Lee Potter yesterday afternoon. Last evening when the aldermen, witnesses and principals assembled again at the city hall general assembly chamber, to resume the work of taking testimony and reach a decision, the sheriff and his deputies, H. F. Lyon and Will Lydon, served each of the aldermen with a copy of the temporary restraining order, and also a summons showing them the application for a permanent writ of prohibition had been instituted in the circuit court by Jailer Evitts. There were several hundred spectators again in the building to witness the procedure, and President Dick Davis, on calling the aldermanic body into session, found that there were present the eight members himself, Henry Orme, William Kraus, A. W. Grief, Lucien Durrett, Oscar Starks, E. E. Bell and John Farley. The president then announced to the board that it seemed the jailer had gotten out his writ therefore there was nothing for them to do except adjourn the meeting until the matter was settled by Judge Reed as to whether or not the legislative authorities could proceed legally with the investigation.

Hon. Hal Corbett, the main lawyer for the prosecution, then suggested that the aldermen make official record on their journal of proceedings of Judge Reed's temporary writ preventing them from proceeding with the examination. This was done, and

Member Grief then moved that the aldermen adjourn until called together again by the president after the court passes finally on the matter. This was done by a unanimous vote, and the officials, lawyers, spectators and others filed out of the hall, seemingly regretting that the proceeding had not gone forward with on account of the widespread interest taken in same by everybody.

In speaking of the writ of prohibition last evening after the aldermen adjourned Hon. Mr. Corbett stated that a writ of this character is only one of the kind gotten out by a superior court, restraining an inferior jurisdiction, and that this kind of a proceeding in this particular instance would be of no force and effect according to this construction of the law, and he believed Judge Reed would dismiss the application for the writ and decide that the aldermen could try the charges just like they started out to do when restrained temporarily by the court so the latter could have a full hearing in the premises and everything explained in detail to him before finally passing on the case. Mr. Corbett says that if the charges preferred do not show misconduct in office most clearly he does not know what constitutes that accusation.

Judge D. L. Sanders yesterday received a telephone message from Smithland stating that his son-in-law, Mr. Charles James, was suffering from considerable fever, and that today the family physician, Dr. Linthicum, of Evansville, would arrive at Smithland to attend his bedside. Knee Cap Knocked Off.

Yesterday morning Mr. A. P. Dismukes, who resides several miles beyond Wallace park, was driving along the road near Rabb Noble's home when Mr. Finis Lack approached in his automobile, taking a spin through the rural districts. The horse of Mr. Dismukes got scared of the flying devil, and the latter got out of his buggy to hold the frightened beast, while the machine was passing. When the automobile was opposite Mr. Dismukes the horse lunged forward, threw the owner down and pulled the buggy over him, breaking the knee cap off his right leg and painfully injuring his limb. Dr. Gore, of Lone Oak, was summoned and dressing the injury, sent the man to his brother's, Mr. John Dismukes, of that neighborhood.

Report On The People's Company

MR. HENRY HAND WILL GET
STATEMENT COMPLETE
TODAY.

Receiver Reed States There Is Nothing Further to Do Until Civil
Term Convenes.

Mr. Henry Hand expects to complete his examination today of the books of the People's Home Purchasing company and turn his report over to Receivers Cecil Reed and Felix G. Rudolph. Mr. Hand was selected as the expert to go over the books and get a full statement of the business since the corporation came into existence over one year ago. He has been assisted in the undertaking by Mr. G. D. Palmer, the treasurer of the company, and they have been daily engaged at the tedious undertaking for the past two weeks or more.

Receiver Reed stated yesterday that he had not yet decided whether the report would be given out for publication and also that there was nothing further to do in the proceeding until the civil term of the circuit court this fall when the suits and other actions against the concern will be taken up and given due trial.

The report of Mr. Hand shows how much money was taken in by the company, how much expended, for what causes, to whom it went and all other information giving a clear and concise statement of the company's affairs.

As yet the police authorities have not succeeded in locating J. S. Bordeaux and his son, both of whom are wanted here on warrants issued for transactions occurring while they were connected with the defunct concern.

Tobacco Contract Bible Study Rally

HERNDON & COMPANY SUE
MR. M. A. LANE
FOR \$140.

Ex Parte Petition Filed for Settlement of E. B. Cox Estate—Circuit Clerk in Office.

Lawyers Oliver, Oliver & McGregor will today file in the quarterly court for Herndon & Co., a suit against M. A. Lane for \$140 for alleged breach of contract.

The plaintiffs are the tobacco dealers of Broadway, near Eleventh street, and claim that upon November 23, 1904, they contracted with Lane whereby the latter agreed to sell to plaintiffs his 8,000 pound crop of tobacco when same was cut and brought to town. The plaintiff agreed to pay four and one-half cents per pound for the tobacco delivered at their establishment here in the city, but now claim in their petition that Lane sold the crop to others and in that manner broke his contract he entered into and signed with plaintiff, which charge is that he was thereby damaged to the extent of \$140, the amount sued for.

Rev. Briggs Held By Officers

IS CONFINED AT MEMPHIS,
TENN., ON CHARGE OF
LUNACY.

It Is Claimed That He Stole a Revolver From Another Party and
Sold It for \$3.

The many friends here of Rev. Geo. W. Briggs, former pastor of the Broadway Methodist church, will regret to learn that he is held in confinement at Memphis, Tenn., on the charge of lunacy, for which he will be tried. Dr. Briggs made his home in this city for several years and was one of the most brilliant and learned scholars of the South, thousands of Paducahans and others having been held spell bound for hours by his beautiful flow of deep and logical oratory coming from his versatile tongue during his residence in this city. While pastor of the church here he had trouble with Proprietor Carr, of The Inn on North Seventh street regarding the Briggs boy, with the result that Dr. Briggs was stabbed with a knife. Dr. Briggs resigned his position in the ministry and has since been residing at different points, following the lecture platform mostly for a livelihood.

A dispatch yesterday from Memphis stated as follows:
Memphis, Tenn., July 25.—The Rev. G. W. Briggs, once a Methodist minister, but lately a lecturer at the James sanitarium, the local liquor-drug cure establishment, is now under arrest, charged with lunacy.

Briggs is charged with stealing a pistol from the room of J. K. Adams at the sanitarium lately, and sold it for \$3. He left a note in the room telling the owner that he had taken the weapon and would return it within a few days.

Detectives Wolf and Lawless arrested Briggs at the instance of Mr. Adams. A charge of larceny was preferred, but when the case was called for trial yesterday in the city court the charge was changed to lunacy.

"I am not crazy," vehemently declared the temperance lecturer. "If I am in the least, then all the others here should be in the madhouse."

This seemingly convinced Judge Floyd, and the prisoner was ordered locked up again. A lunacy charge is now pending and will be heard before Justice Kelly.

Bible Study Rally

OCTOBER 8 MINISTERS WILL
EACH DELIVER SERMONS
ON BIBLE.

General Secretary Godfrey Returned
Yesterday From Greenville and
Central City.

Last evening the religious work committee of the Young Men's Christian Association held a meeting at the headquarters on Sixth and Broadway with the following present: John Wilkins, Ralph Warren, Silas Mitchell, J. D. Miller, C. H. Yarbrough, Pearson Lockwood, C. B. Needham, C. H. Richardson, Richard B. Smith, Frank Rinciffe, John U. Robinson and General Secretary Blake Godfrey. The body decided that Sunday, October 8th, be set aside as a "Bible Study Rally Day" upon which occasion the Bible study committee, which is a sub-body of the religious work committee, will have all the ministers of the city to deliver from their respective pulpits a sermon prepared especially to lay stress and emphasis upon the importance attached to the Bible study crusade to be inaugurated this winter by the association members. On this Sabbath members of the Bible study committee and their associates will be stationed at every church in the city and distribute literature and other pamphlets containing information regarding this particular study to be made during the winter months.

The religious work committee is determined to make the study of the Bible a leading issue during the coming months' work of the commendable organization, and the Bible Study Rally Day will be to enthrone interest generally over the city in the work which will be started off with force just about that time.

Y. M. C. A. Building.

General Secretary Blake Godfrey, of the local association, returned yesterday from Greenville and Central City, Ky., where he has been assisting Mr. Philo-Dix, secretary of the county work, who is well organizing Muhlenburg county, in which stands both these cities. Flourishing branches have been organized at both towns, and Monday night a big banquet was held at Greenville, while last night a similar affair was given at Central City. The associations at both places intend erecting handsome association buildings, that at Greenville to cost \$10,000, and the one at Central City something less. One enthusiast alone at the former place has given \$5,000 towards the building fund, while other subscriptions are coming in unusually liberally at each place, and this shows the deep interest the business men are taking in the projects. Mr. Dix is still there prosecuting the work and is re-inforced with all the good and substantial people of each place.

Push the Work.
At the joint meeting of the women's committee and board of directors for the local association, the combined bodies decided to push the Paducah work with more force and vigor and have outlined considerable to advance the interests of the body. The ladies have figured up and found they netted a nice sum by the excursion given last week aboard the Dick Fowler.

Good Showing

THE WORK DONE ON THE
TENNESSEE RIVER AND
TRIBUTARIES.

Maj. Newcomer Submits Report
Showing Improvement of Ten-
nessee River and Tributaries.

Chattanooga, Tenn., July 25.—Maj. Henry C. Newcomer, United States engineer in charge of the improvements of the Tennessee river, has completed his annual report for the year ending June 30, 1905, on the improvement of the Tennessee river and its tributaries. The report in brief says that the Tennessee river is 652 miles long, and altogether, with its tributaries, forms a waterway system navigable for more than 1,300 miles by steamboats, and has a drainage area of 44,000 miles.

The report states that the amount so far appropriated for the river and the canals, including the amount for operating canals, is \$7,170,356.37. For the work on the river above Chattanooga, \$152,229.35 has been expended, but \$650,000 is needed to complete the work as far as the mouth of the French Broad river. On the work below Chattanooga the report says that work under continuing contract amounting to \$600,000 is now in progress at the Colbert shoals canal, and additional work amounting to \$400,000 has been authorized by act of congress. The total amount expended between Chattanooga and Riverton, Ala., to June 30, 1905, was \$4,747,192.89. Of this amount \$6,000 has been expended in surveys and plans for the lock and dam. On the open river channel \$575,301.06 has been expended, and in the Muscle shoals section \$3,191,726.50. Between Riverton and Paducah, Ky., \$397,663.12 has been expended. The estimated cost of completing the Muscle shoals canal, exclusive of the funds now available, is \$1,251,999.90. Contracts amounting to \$200,000 of this sum are already authorized, and it is urged that authority be given to enter into further contracts amounting to \$1,052,000. The report shows that the commerce on the Tennessee river in 1895 amounted to \$22,593,962.92, while for the year 1904 it amounted to \$30,003,304. The balance unexpended July 1, 1904, above Chattanooga was \$2,058.50; the amount appropriated March 3, 1905, was \$50,000, and the amount required for completion of the project is \$455,000. Between Chattanooga and Riverton, Ala., the balance unexpended July 1, 1904, was \$507,788.57; the amount appropriated was \$225,000, and below Riverton the amount appropriated was \$30,000; the balance unexpended was \$6,383.71.

BIG SUITS BROUGHT.

Sheriff Bush Claims Mighty Corporations Owe Taxes.

Sheriff Pat Bush, of Livingston county, has filed suit against the Bates & Rogers Construction company for 1904 taxes on \$250,000 worth of property. This firm built the new bridge for the I. C. across the Tennessee river and took one year to complete it, and the sheriff claims they should have paid county taxes on the material they had in that county while constructing the structure.

The sheriff also filed suit against the Holcomb-Lobb Tie company, T. Kins Tie company for back taxes on \$265,000 worth of property of each company, claiming their ties in that county was worth that taxable amount.

Caleb Powers has fixed from 2 to 7 p. m. as the time for the reception of visitors in the Newport jail.

KOMURA IN NEW YORK

JAPAN'S PEACE ENVOY ENDS
JOURNEY ACROSS THE
CONTINENT.

NO PROGRAMME YET
PREPARED FOR WORK.

Will Await the Pleasure of President
Roosevelt Before Paying Re-
spects to Him.

COUNT CASSINI TALKS
OF WAR IN PARIS.

New York, July 25.—Baron Komura, the Japanese peace plenipotentiary, arrived on the fast train from Chicago over the Pennsylvania road at 9:25 o'clock today. At the Jersey City station to greet him were about forty Japanese merchants.

There was no demonstration at Jersey City, but when the ferryboat reached the foot of Twenty-third street, this city, a hundred or more Japanese greeted the Baron and his suite with cheers, while a band played the Japanese national air.

The Baron, with Consul-General Uchida and two of his suite, entered a carriage and were driven to the Waldorf-Astoria.

Mr. Sato, who is the Chief of Staff, said to an Associated Press representative that there was no programme prepared for the Baron, and he did not know what would be done from day to day until he had met Minister Takahira. Mr. Sato said it would not be necessary for any of the party to go to Washington since the President is at Oyster Bay, and that they would await the President's pleasure as to their plans.

"The Baron will rest a few days," said Mr. Sato, "his journey having been quite an extended one. He is in good health, but needs a little rest after traveling so far. We have traveled every day since we landed in this country, arriving in cities early in the day and getting out in the evening. We stopped not longer than six hours at any place."

The party has been traveling seventeen days.

REGRET THE WAR

Will Americans and British, Says
Count Cassini.

New York, July 25.—Count Cassini, formerly Russian ambassador at Washington, expresses the opinion, according to the Herald's Paris correspondent, that all now depends on the Japanese, and that if their demands at the coming peace conference are reasonable, peace is assured. Speaking of the Russian representative, M. Witte, Count Cassini said: "I think this infinitely important task could not be entrusted to a better representative."

"He is a man of extraordinary capacity and of the finest character. He knows the Far Eastern question as few men know it, and is a patriot. Regarding internal difficulties, Russia has now reached a critical moment in her history, but America has had such a moment; so has France. These difficulties will disappear and Russia will be stronger than ever. They are merely passing difficulties, and it would be unwise to attach too much importance to them."

"I speak with all caution and circumspection, but am, nevertheless, afraid that at no very distant date England and America will have reason to regret this war. They may have more to fear from Japanese competition than from Russia."

GRADE BOULEVARD.

Watts Boulevard Being Graded by
Contractor Elsie Jones.

Contractor Elsie Jones yesterday started the work of grading Watts boulevard, which runs through the center of the new addition of Messrs. George C. Hughes, Wm. Minnick and others, between Jackson street and Arcadia. The contractor will grade for 1,400 feet, but as yet arrangements have not been made for grading same. The boulevard when completed will make an excellent driveway through that section.

Library Books

LIST OF 800 VOLUMES NOW BEING MADE OUT BY TRUSTEES.

President Bagby and Board Urge Upon Public Need of All Donating Books.

President E. W. Bagby and the board of trustees for the Carnegie library are at work making up their list of 800 new books to be ordered for the institution, and probabilities are that will be finished and forwarded to the book supply house within the next week or two in order that the new volumes can be forwarded here for installation among the well assorted supply already on hand at the building on Ninth and Broadway.

President Bagby stated yesterday that it was the desire of the board to urge upon the citizens the duty of the latter to assist in building up the library by donating whatever books they can possibly spare from their libraries. Some people in this city have amassed a fine accumulation of excellent works, but stack them in a book-rack and they never see the light of day. The directors point out to these people what vast advantages could be derived from these side-tracked volumes if they were donated to the public library and made accessible to everybody. Of course it is not those books not used by the citizens that the trustees want presented to the institution, but every volume.

Mr. Bagby himself has 34 volumes of "Nation," which is the weekly New York Post, and a standard work of reference. It deals with every subject, issue, celebrity and event since 1865, and is recognized as a work of superlative value.

There are about 3,500 volumes in the library, the list now being gotten up. Of the total number in the racks only about 500 volumes have been donated by citizens who could easily have donated them. Many, and the importance of their requests is more appreciated when there is pointed out the fact that this outside assistance is very material because with the limited funds starting things off with the library trustees are not able to fully equip the institution with everything readable on short notice. The larger and more varied the assortment of books, the more popular and sought-after will be the library.

Drummers' Ward

ONE WILL BE FITTED UP AT THE RIVERSIDE HOSPITAL.

The Local Post of T. P. A. Members Now Making Subscriptions to Fund for This Purpose.

The members of Paducah Post, of the Travelers' Protective Association are preparing to furnish a room at Riverside hospital on Fourth and Clay streets, and their request for this privilege will be before the board of hospital directors at the next session of the later. The ward is to be equipped like the others furnished by citizens and secret orders, with the understanding that a member of the T. P. A. be given preference and cared for in this special room when taken to the institution for treatment. When the quarter is not occupied by one of the members of the drummers' organization it is at the disposal of the hospital board for whomever they desire to place therein.

Mr. Ernest Lackey, one of the most progressive officials of the local post, is receiving subscriptions from the members to the fund amounting for the purchase of the furnishings and has nearly enough already. He will take several hundred dollars to fix things up in as nice a style as they desire, and instead of taking this money out of the general treasury of the branch here, the members subscribe out of their individual funds for the equipment.

There are several hundred members of the drummers' post, and many of these gentlemen are single and without homes, therefore a nicely equipped ward of their own will be appreciated, accompanied with first-class attention.

Just as soon as the hospital board gives the knights of the grip permission to furnish a ward, and sets aside the special quarter for their use, the equipment will be ordered and installed on arrival.

Red Cross Attention.

One of the state organizers of the Red Cross society from Kansas City, Mo., will be in the city this week and will be present at the meetings of the society this week. The colored lodge will meet at their hall, Seventh and Adams streets, Tuesday night, July 23, and the white lodge at 1711 Meyers street, Wednesday night, July 24. A full attendance of both meetings is requested.

May Move To Atlanta

MR. GEORGE WALLACE CONTEMPLATING LEAVING PADUCAH.

He Expects All the Big Deals to Be Consummated by First of September.

After the final consummation of the street car, heating company and gas deal, Paducah may lose one of her valuable citizens, Mr. George C. Wallace, who is contemplating removing to Atlanta, Ga., to make his home. Mr. Wallace stated yesterday that when he sells his interest in the street railway company, of which he is general manager, he will then have larger interests in Atlanta than in this city, and as his southern business necessitates a trip there every week or two he expects to move there. This will be regrettable information to his friends, as he is one of Paducah's best known and most progressive business men, who has been prominently identified with the rapid commercial growth during the past few years, and it would be this city's loss and Atlanta's gain by his removal.

Mr. Wallace stated yesterday that Mr. Blecker, of the Stone & Webster company, that bought the Paducah plants, was still in the city, and would remain here indefinitely looking over the field and into the business of the different concerns they bought up.

Mr. Wallace is of the opinion that the deal will be finally wound up before the first of September, which is only five weeks off, at which time the different systems will be turned over to the new owners who will take complete charge. As regards any official connection with the car company Mr. Wallace wants to get out altogether and take a rest, but stated that he and other interested Paducahans would serve in minor capacities, such as directors, to help along the newcomers for a few months, if the latter so desired.

WILL RADIUM PRODUCE LIFE?

Experiments at Cambridge University Seem to So Indicate.

Washington, July 24.—"Is radium a life-producer?" is the interesting question discussed by Consul Mahin at Nottingham, England, in a report to the state department. Describing experiments made by Butler Burke at Cambridge University, he says:

"He sterilized some gelatin, deprived it of every vestige and sign of life, then into it he placed some fragments of radium. According to Mr. Burke in a few days something like tiny growths appeared, which, when scrutinized under the microscope, were not unlike bacterial growths—that is to say, the radium appeared to have been influential in creating a form of life where there had hitherto been no life.

"Mr. Burke then made the experiment with greater deliberation and more care to avoid sources of error. Tiny growths again appeared."

Newspaper Plant Burned.

Details have been received here of the destruction by fire on Sunday night of the plant of the Arkansas Democrat, of Little Rock. Mr. G. Porter Adams and Mr. D. B. Kirkman, both formerly of this city, were employed on the paper. Mr. L. P. Head was also formerly connected with the plant, which was one of the finest in the southwest. The loss is \$180,000, with insurance of about \$100,000.

Singular Story

CONVICTED MURDERER FACED DOOM FOR TWENTY-THREE YEARS.

Lost in the "Pen" After Death Sentence—Did Not Dare to Reveal His Secret.

Chicago, Ill., July 24.—For 23 years John Gales, a murderer from Cook county, has been practically buried in the state penitentiary in Joliet, wondering each day if the next was to be the day of his execution.

All these years he was afraid to ask about the day of his doom, fearing he might betray to the executors of the law their failure to carry out a mandate of the court long ago forgotten. And thereon hangs one of the most remarkable tales in the history of Illinois courts or penal institutions.

Loyal sisters of Gales knew that he had been sentenced to hang. They wondered how it came he was transferred from the Cook county jail to the penitentiary just before the execution was scheduled to take place.

Like the prisoner himself they were afraid to tell their story even to their closest friends lest it should come to the ears of the authorities and cost the imprisoned brother his life on the scaffold.

For 23 years they observed silence but could stand the strain no longer. Kate Gales, one of the sisters, told the strange story to members of the Luxemburg Independent club. They carried the matter to an attorney, who declared that the law had forfeited its right to hang Gales because the execution was not carried out to the letter of the court's order.

On behalf of the sister, Matthew J. Haas, an attorney, has begun proceedings looking to the release of Gales on a writ of habeas corpus.

How Gales came to be incarcerated in the penitentiary is a mystery that cannot be explained by the court records. There is no record of a commutation of sentence or a reprieve by the governor in the executive office at Springfield. Not a morsel of evidence can be dug up in the musty documents of the sheriff's office to show why Gales was not hanged in accordance with the order of the court. The prisoner himself has not the slightest idea why he was whisked away from the Cook county jail and transferred to the penitentiary. Legally, the man's liberty seems to have been entirely lost.

Now arises the question: Is Gales legally dead?

Has the law lost its power to deal with him for a murder on the charge of which he was legally tried and found guilty by a jury properly constituted and qualified?

It is the contention of the attorney fighting for the prisoner's liberty that Gales has been held in bondage at the Joliet prison since the day set for his execution and without any warrant of law. If the man should choose to walk out of the prison gates, he declares, the warden and the guards could not legally restrain him. Warden Murphy knows of no modification of the sentence that permits the holding of the man at hard labor. Admittedly there is no mittimus or commitment. There is in existence only a death warrant, yellow with age, to show that Gales was condemned for the killing of a fellow man. If it can be determined that the man is legally dead, the law can take no notice of him one way or the other.

The order for the hanging on March 24, 1882, was issued by Judge William H. Barnum in the presence of the then state's attorney, Luther Laflin Mills. It directed that Sheriff O. L. Mann take charge of the prisoner, remove him from the court to the county jail and there hang him by the neck on the day mentioned. In the absence of any stay of execution, the warrants stand today as the final order in the case.

Judge Kersten, before whom the writ of habeas corpus has been asked, is in doubt whether he could grant a hearing for release to a man doomed to the scaffold, and he has referred the matter to state's attorney for investigation of the records. The state's attorney's assistants have been unable to clear up the mystery. It is not believed the man could have been taken to the penitentiary deliberately by collusion, hence the frantic search for further papers bearing on the case.

Gales was convicted of killing John William Hessel, a farmer, by whom he was employed. In the heat of passion he threw an ax at Hessel, hit him in the head and death was instantaneous.

DEATH LIST IS NOW FIFTY-EIGHT.

HIS HOME HIS WORLD.

Not Once in Life Did Cox Get Beyond Maysville.

Maysville, Ky., July 24.—Although he accumulated wealth in his lifetime and gave liberally to those in need, Lissant Cox, who died here Saturday morning at the age of 82, had never seen a city larger than Maysville where he always lived, and the town of Aberdeen, which he could see across the river.

Like the philosopher Kant, who never went beyond the borders of Koenigsburg, yet who wrote of Ceylon and Kamschatka, Mr. Cox was one of the best informed and most successful citizens of Maysville. He was a member of the dry goods firm of Cox & Sons.

During his lifetime he had never seen the building owned by his nephew, Senator W. H. Cox, and which stands two squares from his residence. Mr. Cox was a bachelor.

The largest part of the stolen goods has been recovered by the proprietors. They did not get back considerable of that Mrs. Morehead had sold to other females, nor much of the dress patterns that had been made into wearing apparel.

MAYOR YEISER SENT BOTTLE TO DR. CURRY AT LOUISVILLE.

City Solicitor Gathering Data Before Conferring With Mayor About Telephone Company.

Mayor Yeiser has sent to Dr. G. C. Curry of Louisville, the bottle of beverage confiscated aboard the street car the night of the negro trolley ride. The doctor is at the head of the chemistry department of the Louisville College of Pharmacy and he is to analyze the beverage and see if it is intoxicating, he agreeing to do so for \$15. The darkies who were selling the liquid aboard the cars the night of the trolley party claim that it is not intoxicating. When the report from the chemist is received the case in the police court against the negroes Diggs and Kirk will be taken up, as it was postponed in order that the analysis could be made.

Telephone Conference.

Mayor Yeiser and City Solicitor Edward Puryear have not yet had their conference regarding their action to be taken towards the Cumberland Telephone company and force that corporation to take a municipal franchise to do business here. The solicitor is looking up some records pertaining to this private company, and as soon as he gathers together some data he and the mayor will then decide what to do. The municipal legislative authorities have left it to these two officials to make the company abide by the laws of the city.
